Aug 24 2016 The flow rate increases 100 fold one hundred fold Would be a more idiomatic way of saying this however the questioner asks specifically about the original phrasing

The above Ngram search would suggest that a one hundred has always been less frequently used in written language and as such should probably be avoided

Your other suggestion of by one hundred times is definitely better than a People often say that percentages greater than 100 make no sense because you can't have more than all of something. This is simply silly and mathematically ignorant. A percentage is just a ratio between two numbers

There are many situations where it is perfectly reasonable for the numerator of a fraction to be greater than the denominator Apr 26 2023 relating to 100 years marking or beginning a century with the example the centennial years 1600 and 1700

But there is a word that is widely used to indicate the range of years or centuries covered by an article or book history 2 Use 100% when you are stating mathematical thought like statistics

Use one hundred percent when you are stating non mathematical thought like a story Aug 18 2011 All of your variants are grammatically correct and will be easily understood by native English speakers

The less than X is idiomatically identical to under X when referring to monetary amounts as is more than X with over X

However if your audience is international you might prefer to say items costing less than X or items costing more than X simply to avoid any possibility of confusion Aug 29 2015 If soap A kills 100% and soap B kills 99.99% of bacteria the remaining amount of bacteria after applying A 0% is infinitely smaller than the remaining amount of bacteria after applying B 0.01%

Therefore A is much much better

You can see from these examples that 0.01% gap behaves differently across the percentage scale Jun 17 2014 The statistical sounding expression is no problem but if you want to be formal in register as your headline indicates you should probably spell it out as one hundred percent and also spell out it is which latter you have here contracted Apr 19 2023 I am currently using the expression ~100 to symbolically denote an approximate amount of one hundred euros

However I'm not sure whether the symbol ~ followed by the symbol and the amount of Nov 10 2020 Numbers with more than 100 zeros Ask Question Asked 5 years 1 month ago Modified 5 years 1 month ago Sep 18 2018 And the usage always seems to involve a number between 100 and 200 a buck fifty and so forth the term seems to be
