Feb 8 2012 i m trying to send post request to webservice when i add special character in parameter it is converted to %40.i have checked server side they are getting %40instead of

can any one help m Named Pipes Provider error 40 Could not open a connection to SQL Server? Asked 15 years 6 months ago Modified 10 years 2 months ago Viewed 30k times %40converted into on Get Asked 12 years 6 months ago Modified 7 years 5 months ago Viewed 14k times Aug 12 2015 After surfing the internet for a long time I came to know that the support for DSA encryption is disabled permanently by the latest browsers which caused the handshake failure 40 Mar 30 2012 Named Pipes Provider error 40 Could not open a connection to SQL Server I tried using the local IP address to connect as well as a public one

I've tried Yes the site can communicate with the server Named pipes TCP is enabled. Remote connections are allowed

Windows Firewall is off Created an exception for port 1433 in Windows Firewall Mar 31 2022 Here is Microsoft's documentation for Edge's Tracking Prevention feature intended for developer audiences it explains how you can mitigate tracking prevention and also states it can be due to misclassification of your domain name

That said I still think avoiding any and all external hosting like S3 is the best option because if your AWS account ever expires someone else could claim Aug 19 2014 when the link is clicked containing the symbol the url gives me %40 which is what I want

But once I click it one second later it changes to %2540 right after I click. The click is within an e Mar 11 2019 So while editing my search engines on Chrome I accidentally deleted Bing and now i want to make it my default browser

i have tried to use the Make Bing your homepage application by Microsoft Try using %0A in the URL just like you've used %20 instead of the space character Jul 21 2010 I don't remember how many times me and my colleagues have come back to Stack Overflow for this question

Maybe HTTP standards should consider modifying the names or descriptions for 401 and 403.
