4chanis an anonymous English language imageboard website

Launched by Christopher moot Poole in October 2003 the site hosts boards dedicated to a wide variety of topics including video games television literature cooking weapons music history technology anime physical fitness politics and sports among others

Registration is not available except for staff and users typically Apr 30 2025 The anonymous forum thrived when edgelord content wasnt acceptable on more mainstream social media

Today it can be found most anywhere Apr 23 2025 The hacker posted screenshots allegedly showing4chan s back end source code and templates to ban users said Tech Crunch along with a list of the names of4chanmoderators and janitors or Apr 22 2025 Its likely that there will never be a site like4chanagain

But everything nowfrom X and YouTube to global politicsseems to carry its toxic legacy Apr 22 2025 The controversial online message board4chanhas remained offline for nearly a week following a reported hack that exposed moderators and backend systems Apr 27 2025 4chanis back after a nearly two week shutdown but it still has some serious problems For better or for worse the contentious imageboard isnt going down without a fight Apr 28 2025 4chanis back up after a two week outage caused by a hacker

However not all of the infamous imageboard s features are returning 4chanwas founded by Christopher Moot Poole when he was just 15

A regular user on slightly less anarchic comedy site Something Awful Poole wanted to give Western anime fans their own Apr 16 2025 The anonymous message board4chancould be gone forever after a major hack exposing its source code and moderator email addresses Apr 24 2025 4chanwas launched in 2003 by Christopher Moot Poole who was just 15 at the time

Inspired by the Japanese imageboard 2chan he built a scrappy Western version focused on anime discussions. But it didnt take long for the site to grow beyond its niche roots. Fueled by complete anonymity fleeting threads and an anything goes ethos 4chanrapidly became a digital playground for raw.
