Mar 12 2008 I learnt that withafternoonwe use the preposition in but I ve just found a text with this example On theafternoonof that day where ON is used instead of IN Is that because of the word DAY? Nov 8 2006 Goodafternoon 12 00 pm until dinner unless you eat later in the evening like many Europeans

I disagree with Panjandrum that Good evening is appropriate for 4 30 pm. To me it is a clear Goodafternoon

Good evening I d say that good evening can start at 5 00 pm though Yes generally say good night as a goodbye Jul 15 2009 for the sentence I can deliver the photos thisafternoon why I don t need to add the preposition in in front of thisafternoon so the new sentence would be I can deliver the photos in thisafternoon

Is the same rule applied to this morning afternoon next week? Thank you Mar 11 2011 In all the previous posts it doesn t seem to have come out clearly that the standard phrases we are accustomed to are on Monday on Friday and in the morning in theafternoon

That s why you are seeing suggestions like I m usually available on Monday and Friday afternoons. and I am available in theafternoonon Monday Tuesday and Wednesday

They both follow the normal way of Sep 19 2017 in the lateafternoon late is always as an adjective and means near the end of a period of time a persons life Example 1 The store closes in the lateafternoon

The time of closing store is always at 5 30 PM everyafternoon But in the phrase late in theafternoon I find it can have two meanings Mar 7 2015 1. I went to NY last saturdayafternoon. 2. I went to NY in theafternoonlast saturday 3

I went to NY on theafternoonof last saturday. Which one is correct? I think sentence 1 and 2 are correct

As for sentence 3 I am not sure but it jars to me Feb 2 2011 Afternoonis a noun here you already refer to a noun appointment and you need the preposition to turn afternoon into an adverbial phrase of time

In B your reader is likely to be confused by your meaning Apr 22 2006 12 00 a little before twilight depends on the season =afternoona little bit before twilight or 6pm? darkness = evening but usually we just say night darkness sunrise = night sunrise 12 00 = morning

Mostly the end ofafternoonand the start of night depends on the season I think Mar 15 2009 I go to the movies on Monday and Wednesday afternoons. or I go to the movies in theafternoonon Mondays and Wednesdays. En EE.UU
