Please post all your questions on the Epic Games launcher store and its games in the stickied Community Support Thread at the top of the subreddit

Additionally if it s game related please check out PCGamingWiki as there may already be a solution to your problem! Find the best posts and communities about Epic Games Store on Reddit Apr 14 2024 In 2023 we focused heavily on the back end developments for the Epic Games Store in order to deliver our partners some highly requested features

While we still have many developer focused features to ship in 2024 we are shifting the majority of our attention to improving game discovery and the player experience overall A subreddit for the discussion of all things related to the Epic Games Store for PC Dec 19 2023 A subreddit for the discussion of all things related to the Epic Games Store for PC Dec 27 2022 The complete and regularly updated list of all Epic Games Store free games including repeated games non games such as DLCs and add ons as well as accurate dates and the number of unique titles DISCUSSION docs.google how would I do that? In my opinion the best way is using a program called Heroic Game s Launcher you can find it in Steam Deck desktop mode in the application store called discover

Just download the program link your Epic games account and install the games Jan 30 2019 r EpicGamesPC A subreddit for the discussion of all things related to the Epic Games Store for PC Sep 16 2022 I ve been experiencing a lot of bugs with achievement system in Epic Games Store so i want to share my experience and find out whether other users experienced similar issues

The first and the most common issue is that achievement system in certain games seems to be working fine for the first 60 minutes or so but then it as if goes into sleep mode and achievements stop popping up. In some Nov 9 2021 1. Go to your Epic Games directory with Windows Explorer

It s usually C \Program Files\Epic Games unless you originally installed to a different location. Mine was on drive D. 2. Find the game folder you want to reinstall get working and rename it

I just put an underscore in front of the original name. ex. _ShadowComplexRemastered 3.
