Apr 29 2025 On these pages you can learn more about the people places and stories ofColoradoNationalMonument

The monument hashistorydating back thousands of years a road and buildings constructed by the Civilian Conservation Corps Mission 66 architecture and much more Colorado National Monumentis aNationalPark Service unit near the city of Grand Junction Colorado

Sheer walled canyons cut deep into sandstone and granitigneisssschist rock formations On May 24 1911 President William Howard Taft establishedColoradoNationalMonumentin Mesa County near Grand Junction

Today the monument one of eight in Colorado encompasses more than 20 000 acres of sandstone cliffs and monoliths scenic canyons and sparse vegetation Nov 4 2025 From 450 foot high Independence Monument the largest free standing rock formation in the park to the smallest detail carved in stone the grand sculptor inColoradoNationalMonumenthas been erosion Themonumentwas officially established by presidential proclamation in 1911

Given the rugged terrain and relative remoteness access to themonumentwas a problem for decades after its creation Established in 1911 it occupies an area of 32 square miles 83 square km

Situated on the Uncompahgre Plateau which itself is part of the largerColoradoPlateau themonumentis known for its colourful wind eroded sandstone formations towering monoliths and steep walled canyons May 3 2024 The unique landscape ofColoradoNationalMonumentis a result of ongoing erosion processes that have shaped the rock formations over millennia

Water wind and ice have all played a role in sculpting the canyons cliffs and rock spires that make up the monument This article lists the oldest extantbuildingsinColorado including extant buildings andstructuresconstructed prior to and during the United States rule overColorado Thehistoryof the land of any national park in this part of the west stems predominantly from its Indian heritage Northern Ute in this case and although that heritage is in fact marred by the removal of the tribes it still remains an integral part of the story ofColoradoNationalMonument Themonumentis part of the vast upland area flanking theColoradoRiver on either side of Grand Valley

The deep red sand stone has been carved by action of wind and water through eons.
