An account provides access to our most powerful features and allows us to keep you informed of new tools. Mar 27, 2024. Powered by artificial intelligence AI. Amira is the reliable classroom assistant that assesses oral reading fluency ORF screens for dyslexia and provides reading practice. Amira is an AI powered reading tutor built on the Science of Reading.

Through dynamic dialogue, real time analysis and adaptive oral reading practice, Amira delivers explicit systematic instruction proven to help every student become a proficient reader. Amira was founded on the belief that learning should be effective and accessible.

By combining AI technology with the proven Science of Reading research we deliver data driven research backed products to ensure that every student who works with Amira will develop a fluent reading brain. With Amira Instruct, Amira is every teacher's AI instructional assistant helping with lesson planning, differentiation and more.

Now Amira connects English and Spanish assessment, instruction and tutoring into one biliteracy suite. Amira is the culmination of a 30 year research and development project launched at Carnegie Mellon University that partnered literacy experts with artificial intelligence scientists to create the first intelligent reading tutor.
