Jun 25 2021 No according to the research you cannot develop DID or OSDD as late as your teens. The Haunted Self which is pretty much the book on dissociation says the maximum age for DID OSDD to form is 7 or 8 years

By the time you were a teen your personality should have been cohesive and therefore not likely at all to split as much as an OSDD diagnosis would suggest

Although I am new to this forum I have been writing the story of my abuse for a while now. As best I can I am writing and sharing my experiences in chronological order starting at the beginning and sharing to the time I escaped

I have written about the first 8 months or so of a nearly three year event. I still have much Mar 14 2006 Substitute the word oral with anal and that describes me perfectly
