Mar 17 2013 I would say that the biggest problem with using this as an analogy is when one moves from the analogy and starts discussing what these works are in the main topic of a Christian relationship with the Lord and more importantly what prompts the Christian to do them Aug 22 2025 So why did you use that analogy? Arguing by analogy is only useful if the situations really are analogous

In this case the vases are tangible enough that it is unclear what the analogy brings to the table. You're just disputing this for the sake of disputing it

I could have used 100 Jul 11 2023 Logging truck analogy If I was to say that on my way here I stood on the road and was hit by a logging truck doing 100 miles an hour you would say That's absolutely absurd Dec 11 2025 Permit me to borrow a helpful analogy from a world I love that of chess

Some openings are universal resilient systems built on enduring principles that can withstand any opponent. Others are particular brilliant and precise but dependent on specific conditions and upon the subjectivity of your opponent Apr 21 2004 Lol

Thanks for the help guys but the analogy I'm looking for is very specific for this explanation Jesus=source of salvation purgatory=mechanism to fulfill salvation so the analogy must be a source and something that fulfills that source Nov 6 2025 Absolutely

See this is where you have failed to grasp that manslaughter is not related to governing while a lifetime of repeated fraud is relevant. In your scenario Trump is the child molester and the presidency is the day care

You don't seem to have thought through your analogy Nov 12 2025 Point is Russiagate is a good analogy. Republicans claimed it was a witch hunt until one criminal after another was taken down

So far just two nailed in the Epstein affair but now the facts are starting to surface and it looks like Trump had a very good reason for trying to cover it up Oct 18 2025 The serpent was the manipulator that sowed distrust through an adulterated imagery of god/gods which caused her to experience a false hope which brought death

None of that is in your analogy. Click to expand Eve's death was her own

Adam's death was not brought about by Eve's decision Nov 2 2025 The Sock Analogy Imagine you have a bunch of pairs of striped socks each pair split between two boxes Left box L gets one sock Right box R gets the matching sock Two people Alice and Bob take the boxes far apart from each other
