Jun 4 2024 WGU Master of Public Health MPH Discussion in Nursing and medical related degrees started by NotJoeBiden Jun 4 2024 Mar 15 2016 WGU WAS regionally accredited when I checked. Many of us here are familiar with WGU

Major points are probably it is 100% online fully self paced and could be insanely accelerated accepts existing certs for credits provides you with certifications in the process A+ CCNA MCSA CEH CHFI etc. had to be passed on vendor s conditions i.e

you may need to go to Prometric Pearson VUE testing Mar 6 2010 Western Governors University is an online university driven by a mission to expand access to higher education through online competency based degree programs

WGU has flourished into a national university serving over 17 000 students from all 50 states. The university continues to open doors for adult learners who need flexibility to achieve their education and career goals. WGUs Jan 13 2011 I just enrolled and will be beginning my first semester at WGU

I transferred about 40 CU s from my community college and 2 certs A+ Net+ and I am enrolled for BS IT Program

I m curious to how many Competency Units everyone here completes per 6 month term? And how many hours would you say you put into school per week? Feb 3 2025 I heard about it on Friday but WGU has finally publicly announced these two new masters degree programs

An MS in Computer Science and an MS in Oct 7 2013 WGU was initially established and funded as a cooperative effort by multiple state governments specifically a group of Western state governors. So WGU is not a traditional state school because multiple states were involved

In general the easiest way for multiple state governments to cooperate is through the private sector Nov 3 2019 I decided that with the momentum I had getting an MBA made more sense and signed up for WGU

I had been weighing the idea of going back for my masters and specifically the WGU MBA in IT Management for a couple of months before pulling the trigger Jun 18 2012 I ve looked into WGU and they seem pretty legitimate and everyone here seems to have good things to say about them

I m considering going for a 2nd Bachelor s degree in Information Technology Network Administration Aug 30 2016 Hello All I searched previous posts and could not find anything

I had a personal issue come up this term at WGU and was wondering what is the outcome if I only finish 3 4 courses this term? I do not receive financial aid
