A community forum for Anima users to connect share and learn Jul 16 2024 Im evaluating Anima for my Figma to code workflow. Id like to use the Anima plugin within the Figma VSCode extension but I cant get it to work

Heres what Im trying In the Figma extension I select the item I wan Mar 14 2025 Hello Im trying to create anchor links and carousel in Figma but the links and animations created in Figma prototype are not working in Anima Preview

I would like to know if there is a problem with the way I create Mar 14 2025 Every time I try to have an overlay the preview shows the image not the overlay when pushed live it doesnt show anything other then a darkened screen

Its really frustrating when Anima figma doesnt do what the logic says to do May 12 2025 Hello Im having the following issue when using the latest version of the Anima Figma plugin

Steps to Reproduce Open Figma design Select a layer Open Anima Wait for code generation which is successful Click on P Feb 3 2025 In case anyone else needs to know heres the official reply from the Anima AI Chatbot Currently the Anima plugin for Figma doesnt fully support custom MUI themes or components outside the standard theme set

While Anima can generate MUI components from Figma designs its limited to the standard MUI theme. For the best results with Anima and MUI its recommended to use the Sep 20 2024 Anima is able to generate HTML and CSS for the head and bottom sections correctly but convert content section into a big image

I searched and found an article saying removing export may help. However I looked everywhere in my Figma project and dont see any where that says the design or any elements in the design is marked as export Jan 6 2023 I imported my first Figma design to Anima. However I see elements got lost

For example borders on certain elements. I have attached screenshots. In the thumbnail or Anima pages the border is clearly visible. However clicking through to the HTML rendered version the borders are gone

Any tips? Is this common? Feb 21 2023 Im trying to log in to Anima and when I use my email and I click on to the log in button its just loads forever and I tried to clear my cookies and open and reopen it I need to use it

So could you please help me May 15 2024 My team is under the impression that converting from Figma to React.js by using Anima is quite intensive time consuming and tedious process. It includes or it involves a lot of work to set conditions and constraints and similar other things

So my team is wondering would it not be better to just simply start working on
