Oct 30 2020 Recently bought a 25lb bag of AP Flour from Costco from a brand calledArdentMills. King Arthur Flour was also available but double the price. I was wondering how significant the results are or if there really is no difference when using a brand likeArdentMills vs

Arthur Flour when baking things like cookies and breads? Jan 30 2023 Anyone triedArdentMills brand bread flour usually found in massive bags at Costco? Curious how it compares to King Arthur Ardentmills worked just fine at the pizzeria where I used to work! Maybe a little less rise than the specialty brand we preferred but a perfectly serviceable backup

Only used 00 for the dough though AP was strictly for dusting Reply reply Pixielo Reply reply sedtobeindecentshape Reply reply more repliesMore repliesMore repliesMore Mar 27 2023 ArdentCenser is not as impactful of an item as something like Shurelya s Movespeed or Moonstone Greatly increased shield heal power + some healing

Even ADCs that like attack speed onhit the ones you mentioned often benefit more from the utility provided by the other items I mentioned

Typically my build path goes boots > mythic whichever works best for the game I m in > everything Sep 6 2019 Picked up anArdentCustodian 1h 100 armor 10 defense on the AH for 20g as a feral druid

Is this item worth keeping or should I resell it? I Mar 1 2024 So I ve hadardentdebt revenue service contact me as I apparently owe admiral 58 after they tried to autorenew an insurance policy that I didn t realise was up for an automatic renewal I took out insurance with a cheaper provider after the year with admiral was up and the card details were no longer valid

After checking an old email account I did see comms from admiral notifying me of Dec 3 2019 Hi guys just a quick question I boughtArdentCustodian some weeks ago for around 20g from the AH

Yesterday however I saw that Warden Staff was on sale on the AH for only 180g and spontaneously bought it usually it goes around 250 300g on my server .So now I m asking myself how much of a difference it would make when it comes to tanking with my feral druid

Is it worth using Warden Staff Jul 13 2023 Ardentrace is a good front no complaints from me except for the price nearly \$100 per tire

Vittoria Barzo Mezcal combo is a little cheaper or specialized fast traks for like \$60 tire and just as fast May 2 2023 So about 2 months ago my car insurance policy with Admiral was cancelled due to 2 months of failed payments
