These external links can help Google's crawlers locate and prioritize your Scholar profile in search results If your research paper is not appearing in Google Scholar even though it's published on a journal's website it's likely because the site or paper isn't properly indexed by Google Scholar

Google Scholar automatically indexes content but it has specific criteria for inclusion

First ensure the journal's website is configured correctly May 9 2025 In the case of the IP address issue how do I request that the website scholar.google unblocks our IP address? Is there a process for this? VPN is not an ideal solution to my situation. Download Chrome Beta Channel

To check if this resolves your problem you will also receive Chrome features one month earlier than the stable version. Fred If you have tried all of these troubleshooting steps and you are still unable to access Google Scholar you can contact Google Scholar support for further assistance
