Question 11 February 2012 15 Answers Newest 8 March 2017 A male age *EKKAMPONG writes is masterbation harmful for an old man say 80 years old? Jun 28 2016 A female reader chigirl + writes 28 June 2016 Yes it is cheating

If another woman or man placed her hand to his junk to give him the happy ending it is also called a hand job and is a sexual act thus cheating

If he performed this on himself then it is calledmasturbation and is not cheating A female reader veronika + writes 15 March 2010 Mutualmasturbationis considered sexual but it s not sexual intercourse so technically it isn t sex

But it s still definitely sexual in nature and is considered to be a part of foreplay usually. I ve known people older than 21 that are virgins some by choice

I personally don t think it s weird to be a virgin at any age Question 14 June 2014 9 Answers Newest 14 June 2014 A female age 30 35 anonymous writes My husband is masturbating ALL the time. He does it 3 4 times a day during the work week and more on weekends

We will just be sitting there enjoying a movie and I ll look over and he s doing it. We have sex regularly. We ve had it four times this week

He s constantly grabbing me and fondling me to the Question 24 March 2008 4 Answers Newest 23 September 2008 A male age anonymous writes I ve been married since 2005 and I love my wife we both work away in the mining industry our sex life is 0

She tells me that she is tied all the time witch I can understand so am I. The problem is I try and do what I can to get her intrested and nothing works she likes to masturbate and it seems Masturbationis a normal thing even within a marrage

Maybe he just doesn t get enough pleasure from you but that isn t your fault. The feeling you get frommasturbationis completely different to what you get from sex. Don t worry there s nothing wrong your husband obviously wants both feelings

It ll be ok Yesmasturbationand porn can actually impede your ability to orgasm from sex. Your hand can provide a lot more friction and pressure than a vagina or mouth can and if you get really used to it something soft just won t do it for you

As for the porn that can impact it too Male FemaleMasturbation Double Standards Tagged as Dating Sex << Previous question Next question >> Question 20 November 2008 13 Answers Newest 23 November 2008 A male age 36 40 anonymous writes This
