Oct 31 2024 Despite decades of educational progress and international commitments a quarter of a billion children and youth remain out of school worldwide UN education agency UNESCO's latest Global Sep 19 2023 New UNESCO data shows that the global number of out of school children has risen by 6 million since 2021 and now totals 250 million

The figures compiled by the Global Education Monitoring Report and the UNESCO Institute for Statistics reveal that education progress continues to stagnate globally Jul 7 2025 UNESCO's Institute for Statistics and the Global Education Monitoring Report estimated 13 million children to be out of school in conflict-affected areas. Number of children and adolescents of primary, lower secondary and upper secondary age who are not enrolled or attending school during a given academic year Jun 9 2025. In total, around 11% of primary school age children (78 million), 15% of lower secondary school age adolescents (64 million) and 31% of upper secondary school age youth (130 million) are out of school. Oct 31 2024 As a result of this global stagnation, 251 million children and youth are still not in school worldwide.

Regional disparities remain stark: 33% of school-aged children and youth in low-income countries are out of school compared to only 3% in high-income countries. Over 250 million children are out of school worldwide and in many countries the number of children who are not participating in education has not changed since 2015.
