Sep 22 2015 3 Smart assy is a nonstandard adjective form of Smart ass. Classy is in the dictionary so I ll just leave that one alone Feb 2 2023 The joke is a double meaning. Tang with a capital T is an American brand of fruit flavoured drink mix powders

Packs of these were used in supplies given to astronauts

The other meaning sexual as you have guessed is that poontang often shortened to tang with a small t is a vulgar sexist American slang word for the female genitalia a woman viewed purely as a sexual object or Dec 20 2020 They mean different things

We sent you a letter dated December 20 means that a letter was sent and the letter has December 20 printed on it. Usually this means it was sent on or about December 20th but it may have been sent several days before or after then there is no guarantee

The sending of the letter and the date on the letter are not connected grammatically speaking. We sent you Dec 13 2015 Ilan NES has given you the right form to use. It doesn't matter if you want to buy one loaf or four that's a common natural and grammatical way to ask the question

Your next question might be Could you hold X loaves for me? where X is the number of loaves you want to buy when you go to the store Aug 2 2019 I see. So basically if one wants to beassy one could answer to Can you repeat that again? by *No I can't because I haven't repeated it initially yet

but that would be Monty Pythonian kind of humor. Interesting thing those commonly used pleonasms in my native language we use them basically for anything and everything all the time and always pun intended.
