Antarctica is the continent around the south pole of the Earth

Met een oppervlakte van 14 miljoen vierkante kilometer is Antarctica op vier na grootste continent na Eurazië, Afrika, Noord-Amerika en Zuid-Amerika en voor Australië. 4 days ago The continent is divided into East Antarctica which is largely composed of a high ice covered plateau and West Antarctica which is largely an ice sheet covering an archipelago of mountainous islands. Without any ice, Antarctica would emerge as a giant peninsula and archipelago of mountainous islands known as Lesser Antarctica and a single large landmass about the size of Australia known as Greater Antarctica. Dec 12 2025 Explore All Countries Antarctica Antarctica Page last updated December 12 2025 Aug 9 2023 During summer Antarctica is on the side of Earth tilted toward the sun and is in constant sunlight.

In the winter Antarctica is on the side of Earth tilted away from the sun causing the continent to be dark. Antarctica is considered a desert because it receives very little rain or snowfall. Antarctica is een landcontinent dat bedekt is met gletsjers wat te danken is aan de lage temperaturen die het hele jaar door heersen.

In dit artikel gaan we je vertellen wat Antarctica is wat de kenmerken en het belang ervan zijn. Dec 24 2025 The New York Times is joining an expedition by sea to Antarctica's fastest thinning glaciers. Antarctica is Earth's southernmost continent covering an area of 13.72 million square kilometers making it the fifth largest continent by land area.

Despite its massive size Antarctica has no permanent population due to its harsh climate, icy terrain and remote location. Apr 17 2025 Antarctica is the coldest, windiest and driest continent on Earth.

The Antarctic ice sheet contains about 7.2 million cubic miles (30 million cubic kilometers) in an area just under 1.5 times Antarctica. It is Earth's southernmost continent overlying the South Pole.

Situated in the southern hemisphere and largely south of the Antarctic Circle, Antarctica is surrounded by the Southern Ocean.
