Scalp reduction is the process of decreasing of the area of bald skin on the head. In time the skin on the head becomes flexible and stretched enough that some of it can be surgically removed

After the hairless scalp is removed the space is closed with hair covered scalp Mar 31 2025 To tell if you're going bald examine your hair in a mirror to see if you have a receding hairline which could be a sign that you're going bald

However if you're losing hair in patches it could be the result of something

else like a medical condition stress or a poor diet Jan 19 2024

Baldness typically refers to excessive hair loss from your scalp. Hereditary hair loss with age is the most common cause of baldness

Some people prefer to let their hair loss run its course untreated and unhidden

Others may cover it up with hairstyles makeup hats or scarves bald implies actual or seeming absence of natural covering and may suggest a conspicuous barenness In this procedure a device called a tissue expander is placed underneath a hair bearing area that is located next to a bald area

After several weeks the tissue expander causes the skin to grow new skin cells

BALD definition 1. with little or no hair on the head 2. completely bald 3. basic and with no unnecessary words

Learn more Definition of bald adjective in Oxford Advanced Learner's Dictionary.

Meaning pronunciation picture example sentences grammar usage notes synonyms and more May 2 2025 Hair loss can happen to anyone
