Aug 1 2015 *Sambucus nigra* is the common elderberry. It is native to Europe and its close relation *Sambucus canadensis* is its North American counterpart

These are large shrubs that love sunny meadows fencerows and the edges around wooded areas and have long been a resource for people living off the land

It can grow up to 20 tall 6m in optimum conditions and is hardy throughout a wide range of Dec 9 2019 Elderberry syrup is all the rage in the naturopathic world and as a result commands an exorbitant price tag

However elderberry syrup is easy to make yourself and you can store it for use throughout the cold and flu season. Elderberry supplements can also be found in teas extracts and capsules

Here s organic elderberry syrup made in USA Jun 18 2013 In the classic Arsenic and Old Lace Aunt Abby and Aunt Martha poisoned lonely old bachelors with their concoction of spiked elderberry wine

Let s talk about some less lethal uses for the elderberr Browse pictures and read growth cultivation information about *Sambucus* Elderberry *Sambucus racemosa* Lemony Lace supplied by member gardeners in the PlantFiles database at Dave s Garden Sep 15 2012 Traditionally black elderberry was grown for its fruit but over the years some interesting colour and leaf forms have arose and horticulturists have been quick to take advantage of these

The Ame *Sambucus* Species American Black Elderberry Canada Elderberry *Sambucus canadensis* 3 vendors has this plant for sale Upload Image Print Version View Gallery 44 photos Jul 7 2012 A thread in the Propagation forum titled Black Lace Elderberry Propagation tips wanted Nov 7 2010 A thread in the Beginner Gardening forum titled When to transplant *Sambucus* Black Lace Elderberry? Apr 9 2016 A quick way to always tell any *Viburnum* from any Elderberry *Viburnum* will always have simple opposite foliage and Elderberry will always have compound opposite arrangement of leaves

Blackhaw *Viburnum* is only very lightly scented compared with the heavy spicy fragrance of the non native Koreanspice *Viburnum* and hybrids like Judd and Cayuga Aug 14 2010 donna you don t want elderberry jelly or syrup? cold and flu season is coming quickly! if you cut the fronds of berries and put them in a bag in the freezer they are really easy to roll off the stems and use later when you have time.
