Feb 17 2011 Facebook will not allow developers pre fill messages. Developers may customizethestory by providing OG meta tags but it s up totheuser to fillthessage

This is only possible if you are posting ontheuser s behalf which requirestheuser authorizing your application withthepublish_actions permission. AND even then Jul 28 2021 Inthefacebook developers console for your app go to App Review > Permissions and Features

Setthepublic_profile and email to have advanced access. This will allow all facebook users to have access and these two settings are auto granted

EnsuretheAccess Level indicates Advanced Access Dec 11 2020 application_id needs to be Valid Facebook Ad Asked 5 years ago Modified 1 year 7 months ago Viewed 51k times Feb 24 2017 TheFacebook SDK for Unity getsthewrong key hash

It getsthekey from C \Users\ your user .android\debug.keystore and in a perfect world it should get it fromthekeystore you created in your project Learn how to create a Facebook share link without using JavaScript including tips and solutions for effective sharing I am trying to extracttheurl for facebook video file page fromthefacebook video link but I am not able to proceed how

For example Thefacebook video url I have is <https://www.facebook.com/nerdandco/videos/1662140250706521> May 26 2016 We are being asked to settheOAuth redirect URI for Facebook as shown below intheinstructions to set up Google Firebase to use Facebook login. We clicked in every menu for our app

Where is 124 I have a Facebook Page that I want to get some things from it. First thing are feeds and from what I read they are public no need for access_token. But I want to also gettheevents and they aren t public and needtheaccess_token

I don t wanttheuser to login in Facebook or anything like that May 9 2013 Note that with usingtheFacebook SDK your users are being tracked only by visiting your site they don t even need to click any of your Share or Like buttons.Theanswers below suggesting only a simple link a href solve this issue Facebook downloadstheaudio andthevideo separately so gettheaudio link fromthegoogole chrome inspector by right click onthevideo and choosing inspect going to Inspector Network Tab and checkingthelinks use filter larger than 50k inthefilter area to select bigger files change 50k according tothelength of your video look in.
