Nov 16 2018 A vagina is called a beaver because when its bare it looks like the gap between a beaver's two big front teeth. That's the same reason another name for it is a camel toe

Gosh come to think of that's probably why those anatomically correct parts are also referred to as a tuna taco or a bearded clam

Hmm sounds kind of fishy to me Jun 22 2018 It's been so many decades since the civil rights movement finally passed in America and I know it took awhile for the effects to be felt by everyone but it seems like by now racism shouldn't exist
