Throughout the building warm wood cladding and concrete floors are accented with the schools signature colors of red and gold

The BIG designed interiors are designed to accommodate future scientific innovation incorporating elements such as reconfigurable classrooms and modular seating. The Mountain is a hybrid combining the splendors of a suburban lifestyle a house with a big garden where children can play with the metropolitan qualities of a penthouse view and a dense urban location. The building embodies BIG's notion of hedonistic sustainability while contributing to Copenhagen's goal of becoming one of the world's first carbon neutral cities. Shaped by the movement of the water the surrounding park is designed by BIG Landscape and manages storm surges through sloping terraces, vegetated dunes and wetland gardens that slow and absorb the flow. At the foot of BIG HQ, BIG's Landscape team has transformed a former parking area into a 1 500 m<sup>2</sup> public park and promenade inspired by the sandy beaches and the coastal forests of Denmark. BIG has grown organically over the last two decades from a founder to a family to a force of 700.

The sum of our BIGs aim was to amplify Treehotels focus on sustainability and natural tourism and create a resilient design in a region with strong seasonal climatic contrasts.
