Jan 4 2024 What is the OFFICIAL Delta website? I am asking this question because there s two websites for the delta executor delta executor and deltaexploits

Thank you Apr 11 2022 I use delta executor and im kind of suspicious about it but i dont think that link was the same link i used to download delta executor

If so This means that its probably a virus People like to make these fake accounts and copy the videos of real executor creators and instead of putting the link to the executor they probably put a link to Feb 22 2024 truer

robloxhackers Current search is within r robloxhackers Remove r robloxhackers filter and expand search to all of Reddit We analysed delta a while back and didn t spot any malicious behaviour so it s probably fine

But your friend is exploiting on android not windows Please contact the moderators of this subreddit if you have any questions or concerns
