Based in Chamonix Mont Blanc BLUE ICEdesigns backpacks harnesses and other minimalist and technical alpine equipment for climbers mountaineers and skiers Mountaineering and IceClimbing backpacks designed with mountain professionals in line with BLUE ICE's minimalist state of mind technical efficient and lightweight Equipment designed by and for mountaineers between Chamonix and Salt Lake City at the foot of the Wasatch BLUE ICE equipment is minimalist and ultra robust Based in Chamonix Mont Blanc BLUE ICEdesigns backpacks harnesses and other minimalist and technical alpine equipment for climbers mountaineers and skiers This ultralight harness 139 grams in size S is ideal for rock or indoor climbing

Extremely versatile and efficient it is also ideal for mountaineering and ice climbing Wish it had slightly more durable material in high wear zones or at least a patch kit The features and design philosophy are accurately described on the Blue Icesite and video With 4 gear loops two of which are over molded to ensure better racking and 4 ice clipper loops this harness meets all the needs of the most demanding climbers

Its patented leg opening system makes it easy to put on with crampons or skis ensuring optimum safety when gearing up Dual technical ice tools can be attached securely and classic pioletts can be carried internally or in a quick deploy position

The carry system is low profile provides great stability and features hip pockets and gear loops on the belt and lanyard clip points on the shoulder straps An ultralight and technical ice axe for high alpine skiing officially approved for ski mountaineering competitions For ski touring and ski mountaineering BLUE ICEdesigns lightweight durable equipment for high altitude intensive use.
