Apr 28 2010 Drivers Downloads on the dell support page for my pc there is only a 32 bit version available and won t install is there a 64 bit version somewhere?

Dec 9 2021 The disc shown in post 8 is what Dell provides to re install Windows 7 Professional SP1 64 bit in Dell computers

It installs only the operating system so you need to install the drivers afterwards for its primary devices chipset graphics audio ethernet etc

I believe both of those 7010 s have an Intel 82579LM gigabit ethernet device Aug 24 2016 Unable to Install Dell Drivers Hello I have a Dell Inspiron 5759 Windows 7 Professional. Since the last MS Update I am not able to install any Dell drivers

My Bluetooth adapter disappeared from my Device Manager it was there before last MS update Nov 17 2021 I m desperately looking for a way to install Windows 7 64bit on my Dell inspiron 15 3567

Most of the software i use for Tuning and remapping cars works well on windows 7 but glitches continually on windows 10. i desperately need to install windows 7 with working drivers on this laptop of mine. hope someone can help me

Thanks a mill Dec 12 2019 Dear Sir Want to install window seven professional 64bit on my brand new Dell PC optiplex 3050 7th generation

after successful installation I am still unable to install following drivers on that Feb 27 2014 My Dell XPS L502x is 14 months old i7 8GB 689GB HDD HM77 Nvidia 540M GT. I have installed all latest drivers for my laptop from Dell website. But those are still more than 6 months old

When I use Intel Driver update utility it shows new version of drivers available

Even my nvidia control panel shows new driver available Dec 30 2021 Dell Inspiration 15 5570 Drivers Hello guys glad to be here So my problem is i got from a friend a Dell Inspiration 15 5570 i manage to repair it and because windows 10 is working very slow on it i decide to install a win 7 it was a pain in the a to install a win 7 but i manage to do it Dec 4 2024 Has anyone successfully installed Windows 7 on Dell OptiPlex 7070 SFF i5 9500? mine is running Windows 11

my last try failed to install Windows 7 on it. according to post in various forums here and Oct 22 2012 I then downloaded all the drivers from dell. I followed the Dell recommended install order

After all the drivers are loaded I go to Device manager and it says I am missing a network controller driver and I am unable to access wireless
