XXZ XXLBrowse and rate player created guides for this game. Or create your own and share your tips with the community XXZ XXLGame still running after I close it

Found game files that are logs of my internet activity Sep 23 2017 XXZ is half recycled and doesn t last long enough to be worth the asking price. It doesn t even have an ending you sit on the final level. I really like what was achieved with this minimalist approach

Feels like a game jam where you were forbidden to use language. But it needs more. Soon a new map + new kind of opponents will be added Oct 26 2017 I don t understand how to play. I click on different blocks but nothing happens

I can t select more then 1 block at a time and I m getting frustrated trying to play a game that doesn t explain anything. I ve read a few guides but they don t say how to play just what the different blocks do Jan 31 2018 PS. Oh nevermind

I guess character level has nothing to do with game level steamhappy I seem to have completed all the available game when my profile has been deleted at level 24. And I am back to level 0 again

Is that normal? Mar 9 2014 I may be just over thinking this but when you plant the bomb the code is 7355608. Is there any meaning or reason why it s that number? Sep 29 2017 Q My antivirus detects a virus in game.exe! I m scared A We know about that issue but can t do anything on our side

It s a false positive caused by the game engine this game uses and heuristic analysis algorithms of antivirus. This problem is very old and still not fixed by some antivirus vendors

Three years ago Game Dev Tycoon faced the same problem you can use their recommendation Jan 30 2018 So I found out that in the DLC version of the game if you are quick enough you are able to buffer in more tiles to keep the combo going before your turn ends

This way you are able to basically have bigger and longer combos. To start off you need to connect at least 4 tiles to buffer in 2 tiles up top. You need 2 tiles up top because 1 tile is too fast for you to buffer in more tiles

Once you Global Gameplay Stats XXZ XXL Global Achievements % of all players Total achievements 55 You must be logged in to compare these stats to your own Jan 31 2018 Suggest to have one click to swap characters

Reason being the only reason I would want to swap a character is to swap out the active character to another chosen one. Hence it seems redundant to me that I have to click twice one on the active character and another time on the chosen
