Bulan meaning elk [1] or hart in Old Turkic was a Khazar ruler and the founder of the Bulanid dynasty

He is usually identified as being the same with Sabriel the king who led the Khazar conversion to Judaism and thus he is sometimes referred to as Bulan Sabriel. In Philippine folklore Bulan is revered as the deity presiding over the moon one of the three celestial gods honored by the ancient Bicolano people.

Alongside him are the supreme god Gugurang associated with fire and his brother Haliya who embodies the moon. To him the Lord appeared in a dream promising him might and glory. Bulan went by the Daralan road Caucasus to Aradavil Ardebil the capital of Adherbaijan in Armenia and gained great victories.

He then determined to adopt the Jewish religion. Bulan was a Khazar king who led the conversion of the Khazars to Judaism. His name means elk in Old Turkic.

The date of his reign is unknown as the date of the conversion is hotly disputed though it is certain that Bulan reigned some time between the mid 700s and the mid 800s. Szyszman followed by Artamonov proposes bulan elk or stag in some Turkish dialects as the origin of the name and finds numerous place and personal names in Russia of which B?I?n is the principal component.
