Cheap Amazon boroscope will show the lay of The Carolinas Did They Just Open Flounder for Trawlers? Originally Posted by Rick S People do stupid things when money is involved. Ask the NC crab guys about mislabeled imports. The feds tend to make those Lacey Act violations stick

I ll predict that you ll see in NC something similar to what has happened in Abustedthru hull sounds likely or a hose burst and a thru hull valve seacock was seized

I replaced all 8 of the thru hull valves on my boat when I bought it every single brass one was seized replaced with stainless Ive got a 2015 Sea Hunt bx22br that has a leak in the fresh water wash down system. When i pour water into the inlet it is coming out of the hose before it hits the tank

I cant access the back of the tank. Has anybody had any issue with this and do you have to take the tank out to fix it? Thanks in advance The Boating Forum Snapped one of my powerhead bolts. Can t get my powerhead off 2002 yamaha Z200. Got 5 of the 6 long ones out the 4 shorts and the 2 nuts

The 6th long bolt snapped about a half inch from the head. The remainning shank is holding this powerhead tight

Any suggestions? Tried driving it up with a I have two under water lights mounted on the transom that have appeared to bebustedfrom freezing I guess they leaked? I began to replace the lights but the glue or silicone have made this five minute job turn into a project

I have removed the screws from the outside but the silicone used to seal the power wire running through the transom was obviously applied very liberal and has adhered to Jul 12 2017 The throttle cablebustedI believe when I brought the boat up to my cruising rpm of 2900

When we arrived at the island I went to ease off the throttle no stopping yes coming in hot. I ended up shutting the boat down tossing the anchor and it was then that I diagnosed the problem All times are GMT 7. The time now is 02 16 PM Copyright 2025 MH Sub I LLC dba Internet Brands
