Mar 30 2023 WhatsApp Desktop App and WhatsApp Web are two different ways to access WhatsApp account on computers

WhatsApp Web is a browser based client that allows you to use WhatsApp on your computer without downloading or installing any additional software Dec 23 2024 A web page should now load and display all your recent WhatsApp messages along with any media or voice notes

Be aware that there are a few limitations when using WhatsApp this way. Most importantly unlike when the service is used on a Mac or PC notifications from web browsers aren't supported on iOS iPadOS Dec 16 2023 But this really sucks every time that WhatsApp releases an update this happens

I'm using WhatsApp web instead and using the feature Download App from Chrome which allow me to have the WhatsApp web as an independent window and right now it works better than the official desktop app for Catalina r whatsapp is home to the online messaging platform owned by Meta

News updates and general discussions about the app can be posted here Jun 8 2023 r whatsapp is home to the online messaging platform owned by Meta. News updates and general discussions about the app can be posted here Jul 6 2021 r whatsapp is home to the online messaging platform owned by Meta

News updates and general discussions about the app can be posted here Aug 17 2023 Hey all I'm using the web desktop version of Whatsapp quite a lot and since yesterday I noticed that I can no longer send people links

I can still do that though the phone if it's really needed but that's a bit of a hassle Dec 12 2025 WhatsApp Web won't stay logged in keeps going back to QR code Could not connect on phone Business stuck for 4 days India Nov 30 2023 Hi everyone

Since last night WhatsApp Web on Chrome and every other browser I've tried has been using way more CPU than it needs or had previously used. Like way more. Chrome usually uses around 0.5% depending on what I'm doing

When I opened WhatsApp Web in the last 12 hours all of a sudden that percentage spikes to around 40-50% and it makes my fans start spinning like crazy. Does Sep 13 2022 whatsapp web on ipad can't be opened Hi. I really need your help. I'm using ipad 9 2021 and it has ios 15.7 version now

Apparently I can't open whatsapp web on my safari. It is written WhatsApp works with Safari 11+ to use WhatsApp update Safari or use Google Chrome Mozilla Firefox or Opera I attach a photo of the screen.
