When Kinsella disbanded Joan of Arc in 2019 he picked right up with a new project alongside his wife and electronic musician Jenny Pulse

The eponymous duo evolved quickly through a series of Bandcamp releases and typically experimental genre shifts but they couldn't escape themselves. Rumours circulated that this was largely due to the complications arising from guitarist Victor Villarreal's heroin dependency.

When Mike Kinsella left to continue his solo project Owen and to play guitar for Maritime he was replaced for a few live shows by Ryan Rapsys. Recorded by Stefano Manca at Sudestudios Salento Italy. Assistant engineering by Peppe Petrelli.
