Anyways I think you can count on Milan being around for the next 6 8 years at least. As far as how hair follicles work because there seems to be a lot of discourse on this laser removal damages the hair follicle based on pigmentation

Hairs can become paler finer and potentially die off with enough treatments Feb 13 2021 Experiences with Milan Laser? Has anyone used Milan Laser and if so what was your experience like? I don t know if it s a waste and electrolysis is the only way to go? Any input would be appreciated! Jul 28 2023 Plus always feeling self conscious about the unsightly black hairs poking out while its growing out

I knew nothing about laser hair removal so I Yelped and saw a lot of reviews for Milan in my city

I submitted a quote request was called by the clinic immediately and made a consultation appointment Milan Laser The local Milan laser hair removal is hiring and the pay is \$33 hr with bonuses and free laser removal sessions

I currently work overnights in a MICU and \$33 hr would be a pay cut for me but Im curious about this job because I need more work life balance

Does anyone have experience with this company and insight on the bonuses? Jul 11 2023 Hi! I have a consultation at Milan Laser today Im hoping to just get some info and pricing etc. Ive read some reviews that they are very pushy to sign up at the consults

Anyone have some experiences of what to expect at the consult? Mar 8 2021 What are your experiences with Milan vs ideal image for laser hair removal? Hello! Im looking into getting laser hair removal done on multiple areas

I cant find any prices when I Google so does anyone mind sharing what area s they got done and what they paid? I want to hear all experiences but am particularly interested in these two places because of the unlimited plans

They also Aug 23 2023 I took out a 16k loan w Milan on a whim bc the consultant was super friendly and convincing pushy for full body laser but after 1 sesh I cancelled the loan

thank god i was able to bc i rly don t have \$450 mo for 4 yrs I don t have that much hair compared to most so I don t need unlimited Honestly as a laser tech in the UK these prices just floor me

I know some of these treatments are carried out by doctors nurses etc but bloody hell it feels like they the industry are profiteering off peoples insecurity of unwanted hair May 24 2024 My friend was literally burned there a couple of days ago
