Jul 17 2025 It was Jeffrey Epstein s 50th birthday and Ghislaine Maxwell was preparing a special gift to mark the occasion. She turned to Epstein s family and friends. One of them was Donald Trump

Maxwell collected letters from Trump and dozens of Epstein s other associates for a 2003 birthday album according to documents reviewed by The Wall Street Journal Dec 25 2025 Great selection as usual John! As one of Ninja Gaiden Ragebound s biggestcheerleaders I m absolutely delighted that the game made it so high up on your list

I ve preached it numerous times throughout the year but Ragebound really does tick all the boxes for what I love most about gaming Nov 25 2025 Nov 27 2025 652 Sanjuro said She s there for the sign language guys I was so confused for a second i thought they havecheerleadersdancing during the anthem now Jul 31 2025 Even ninja spacecheerleadersknow you don t bring a pom pom to a boss fight

Whether you re cracking skulls with close combat or blasting bots from across the screen Ra Ra BOOM has your back. Play it like a classic side scroller treat it like a shooter or mix it up for combos so smooth even evil AI can t keep up Dec 22 2025 This one was cool though

The kid was born deaf and other disabilities where he can t walk on his own. Colts organization was able to get him on the field last year. Turns out one of the Colts Cheerleadersknows sign language. She came down and signed to him and they have built a bond since then

Must ve been on hell of an experience for him Nov 15 2025 MTG and her ilk are not your allies and I wish these so called left politicians and media figures in the US would stop being theircheerleadersand useful idiots Nov 30 2025 Those are FOMO investor phrases which assume the only people seriously thinking about AI are thecheerleaders

Everybody s thinking a lot about AI! And a lot of people have major concerns about its unrestrained usage by students today Jul 17 2025 Surprised honestly. It s a Murdoch rag. Editorial is trumpcheerleaders

Could turn out to be the scoop of the year if not even several depending on whether any political electoral consequences happen. Plus pecunia non olet as always Jul 17 2025 Wrong it could totally be Armored Core Vi DLC or new version like they usually do

Why would they bother remastering Dark Souls 3? Its perfectly playable on all modern systems aside from switch Dec 20 2025 A year earlier in October 2023 Blaise Agera y Arcas and Peter Novig wrote a piece titled Artificial General Intelligence Is Already Here
