Lionheartbegan as the personal passion driven project of Larry French

Stemming from his admiration of the vintage Beechcraft Model 17 Staggerwing and desire to create a cost effective executive transport aircraft Larry embarked on a journey to recreate the 1930s era legend by using modern aircraft production techniques TheGriffon Lionheartis an American single engined six seat biplane designed and produced in kit form for home building byGriffonAerospaceof Harvest Alabama Jun 1 2025 Lionheartaccommodates 6 full size FAA 170 lb passengers and is designed with a 5200 lb gross weight at +6 3 G limit loads

Following structural testing the gross weight is increased for +4.4 2.2 G limit loads utility category. With an estimated empty weight of 3100 to 3300 lbs Lionhearthas a payload of about 2000 lbs. Just about right for the wife and kids and lots of fuel

Dual The Story The journey began in 1993 when Larry French Owner and CEO builtLionhearta modern take on a vintage inspired six place kit aircraft. What started as a passion project quickly morphed into a brand new company calledGriffonAerospace

AlthoughLionheartaircraft were only produced for seven years theyre still being flown today But Larry French and theGriffonAerospaceboys are up to it because among other things they are professional engineers.Lionheartis simply a subdivision of their company which designs and makes a lot of exotic stuff for the military and industry

They don t depend on theLionheartfor their bread and butter Mr

Larry French CTO ofGriffonAerospaceshared that theyve been in business obviously since the mid 1990s when they produced theLionheartkit planes which declined in the late 1990s to BrowseGRIFFON LIONHEARTfactory specifications range speed and performance for theGRIFFON LIONHEARTmanufactured byGriffonAerospace Experimental Aircraft AssociationHands Mind and Heart What started as a handful of passionate enthusiasts has developed into a major forceand a significant componentof the aircraft industry AtGriffonAerospace we pride ourselves in being that trusted lion hearted partner

Designing building and flying the most capable and intelligent aerial systems that give our servicemen an unfair advantage wherever they fly The result? A new vintage style airplane calledLionheartand the birth of a brand new company GriffonAerospace

Fast forward over thirty years andGriffonhas built over 10 000 airplanes serving thousands of missions worldwide
