Apr 4 2024 Chiaki4deck setup Firstly download and extract the latest version of chiaki4deck here. Once downloaded openchiaki.exe and follow these instructions below to register a new console

Test the connection to ensure it's working before changing any settings Once you've confirmed it's working make your changes to the settings Feb 2 2021 So thechiakigithub got archived after i found the solution for some problems and after deciding to make the easiest guide to get it to work so i'm posting it here

And for anyone who doesn't knowchiakiis basically a non official arguably better remoteplay at least as far as i'm concerned that's works on practically any platform even windows 7 Dunno if anyone else has this problem butChiakidoesn't seem to wake my PS5 properly

I do have the wake packet port forwarding AND it does work with the phone app off network which is how I have to wake my PS5 thenChiakiworks as intended Jun 17 2023 The streaming using this unofficialchiakilooks amazing feels native

Also could not get hardware decoding to work with the official 2.2.0 version that was released after this unofficial one which is flawless Feb 5 2023 I have successfully compiledChiakifor Apple Silicon and windows with added support for Adaptive Triggers Haptic Vibrations Emulation Color Correction Hardware Decoder Support

The result is a seamless gaming experience with even Astrobot being fully playable Moreover I have a guide for usingChiakiwith the Steam Deck in general and specifically setting up and usingChiakiin the best way possible using the chiaki4deck flatpak with detailed instructions on the chiaki4deck site

Visit the setup section to see how to get everything working on your own Steam Deck including how to seamlessly move over from using the officialChiakiflatpak. It May 1 2024 I'm using the regularchiaki and the PS button is mapped to T I think

Anyway launchchiakiin desktop mode and check the settings for the button mapping. Then just map to whatever button you want in gaming mode Jan 14 2023 Hi I found two very goodChiakibuilds each with some working features

Maybe someone can merge these two builds to build an ultimateChiakibuild with all features like motion trigger effects haptics and touchpad Feb 10 2024 The latest PS5 update madeChiakiincorrectly interprets console version resulting in selecting wrong RP protocol for PS5

While waiting for the official patch I did some change to the code to
