Nov 21 2025 CJ 8 History Production Questions and topics related to the howCJ 8
Scramblers were originally equiped production information etc Jan 20 2019 I
intended to take a bunch of pictures and make sure I document my experience
installing the Sniper on my Scrambler

I probably did not get enough pictures or take enough botes but here goes. To
start off I replaced a Holley 4bbl carb mounted on an Offenhauser intake. Is it
more carb than Sep 7 2012 OK last week had a rough night and ended up blowing
the fusible link that comes off the solenoid

Killed the whole Jeep. Went back the next morning and fixed that and when Jeep
fired up I noticed my fuel lines were cracked coming off the filter stock 1
inlet 2 outlet. I put new fuel May 27 2016 Just bought a 1983 Scrambler and
doing some restoration to it

I want to get 35 s on it but need to add a lift kit. I have been told that
Skyjacker has the best ride but also should look at Old Man Emu

Need some experienced Scramblers with some advice on these lift kits with the
softest ride Jun 27 2018 Or I use the full fiberglass doors made for aCJwith the
glass slider windows. But I find I like the YJ TJ half door combo mix better

I have considered either manipulating the frame of my soft door upper to fit the
contour or finding TJ uppers for the full soft doors and seeing if they will
mate up to my YJ soft lower Jun 21 2007 Toying with the idea of keeping the
Scrambler wife has already agreed but this will definitely require performing an
engine swap to make it long distance at 65 mph and partly to satisfy my need to
tinker

D Was considering dropping in a 4.0 fuel injection engine with an automatic Feb
20 2019 Scan of provided installation instructions

Credit Warn Industries Inc Apr 14 2011 Dedicated to complete builds rebuilds and
restoration threads from start to end Nov 26 2003 Could someone tell me exactly
where the CJ8 and Scrambler emblems repros sold on this site were originally
located on the body? Did all Scramblers have these or just certain years and or
trim levels? Mine doesn t have any logos on it

Thanks Craig Sep 10 2006 what is the vehicle that you are looking to swap axles
into? If your talkingCJ YJ TJ with a 44 then there are a couple different sites
I used to find my set. Let me know what axle you want. Let me know what vehicle
you have. Then we have something to work with.
