Apr 4 2017 In the NOW Corpus nearmeis 31 times more common. This is a different matter with some other position related words something can beclose to mebut notclose me and the same for nextto proximateto and so forth Jan 19 2020 The adjectives are open and closed. The door is open or is closed

Note that close can also be an adjective but with a different meaning namely the opposite of far. The door isclose means the door is nearby not far away

Although spelled the same it is pronounced differently with an unvoiced s instead of voiced as in close the Apr 24 2021 0CloseWhen used as an adjective can be used when talking about physical distances. The grocery store isclose. = The grocery store is near

In this case close and near can be used in the same way and it is relatively easytodetermine that closemeans a physical distance. As a preposition Close can only be used with the word to Jan 19 2018 Let s walk quickly because the shop closes is closing is goingto close in ten minutes

These choices seem very confusingto me because they areclosein the meaning. I do not know whetherto I was sitting **nextto by by the side of beside close to** my friend

As a learner all of the preparations means near orclose to to me Feb 22 2020 So I saidtoher please alwaysclosethe door behind you

I would liketohave her remember this andclosethe door next time without my reminder closeour own doorstoavoid disturbing each other I enter in a small bookstore the owner tellsme Will youclosethe door please?! I enter in a small bookstore I ask the owner Shall Iclosethe door? The two phrases above in brackets should be correct

Is it still correct common in Englishtosay Could youclosethe door please?! Should Iclosethe door? If yes what s the difference between the two? If there is any It s easytotell what you mean but it s not correct and will sound strangeto a native speaker

Typically in English we say neartoorclose toand far away from Apr 27 2022 In everyday speech I would use I llcloseit or I m gonnacloseit and reserve I m goingto closeit for when I m actually physically on my waytothe doorto closeit just because it s longertosay but either of these is natural They have slightly different implications in some contexts sit nextto me implies sitting in the very next seat on one side or the other

Howclosethat is will depend on how closely the seats are spaced however. sit besideme often implies sitting fairlyclose possibly touching. sit byme just
