Jul 20 2021 Do native speakers use present continuous when talking about timetables? Can I use quot iscoming quot in my sentence? That film comes iscomingto the local cinema next week

Do you want to see Jun 16 2023 The ing form in your example sentence is a present participle indicating something which is currently ongoing. So they have orders which currently arecomingfrom all over the world

The come form would work too though it does not come with the implication that those orders are appearing now. It implies instead that generally orders do appear from all over the world. Similarly with the Jun 4 2016 I will becomingtontomorrow

The actof coming here is taking a long time from the speaker writer s pointofview. One example where this would apply is if by coming the speaker writer means the entire processofplanning packing lining up travel and actually traveling for a vacation

I will come tomorrow Further to Peter s comprehensive answer Do you come here often? completes the question in a continuous form as opposed to the more obviously present Are youcoming? Do you come with me? is certainly archaic and if it was used today it would seem strange but at a guess it sounded comfortable for about 1 000 years until early Victorian dates Aug 19 2020 Comingvs

The phrase comingup can also be sued to mean happening soon as in The FourthofJuly is Feb 3 2018 Comes will come coming becomingAsk Question Asked7years 11 months ago Modified 4 years ago Apr 28 2021 I d like to know when should I use next upcoming and coming ?
