Jul 22 2019 My computer brightness button is at 0% but its not dark it still really bright. why? Jul 23 2020 Dear Greg Thanks

In the ease of access I don t have an option for Keyboard!!! The options are sticky keys Filter keys and enhancedcontrast!! So what Can I do? Actually I am stuck at the Challange stage as A1B1C1 has 1 which does not work Oct 24 2010 The symptoms got worst now my Outlook has an ugly looking highcontrasttheme and even changing to classic themes I am not able to fix it

When I log out the same highcontrasttheme is shown XP Pro SP3 with all current updates Off 07 with all current updates. I am formatting files sent in RTF format into Word DOCx files. A few of the file contain graphics clips in black and white.
