COUGARS IN WISCONSIN The cougar Puma concolor also known as puma mountain lion panther catamount American lion and mishibijn Ojibwa is the largest wildcat in North America north of Mexico

It once roamed throughout Wisconsin one of three wild cats native to the state along with the bobcat and Canada lynx. Cougars are native to Wisconsin but breeding populations were eradicated by the early 1900s due to habitat loss and predator control efforts and currently there remains no evidence of a population in Wisconsin. Nov 11 2023. Cougars are a protected species in Wisconsin so DNR conservation wardens conducted a thorough investigation into the shooting and provided the information to the Buffalo County District Attorney. Woodchucks are recognized by the state legislature as a furbearer species and can now be legally harvested without a permit.

Wolves and black bears though their fur may be used for rugs or as taxidermy mounts are commonly considered large carnivores. Cougars are a rare mammal in Wisconsin. Biologists believe that cougars spotted in Wisconsin belong to a breeding population from the Black Hills of South Dakota.

This sighting brings Wisconsin's number of confirmed cougars for this year to a total of three with the other sightings being reported from trail cameras in Price and Portage Counties Oct 30 2023. Mountain Lions cougars can be a problem as a predator for chicken keepers.

Even though they are shy and primarily nocturnal cats they are still a Turkey. Photos are similarly used to estimate hen to poult ratios. Photos of whooping cranes, moose, cougars, and marten confirm these rare species locations.

Project photos are also used for educational and outreach purposes helping community members of all ages experience the fauna of Wisconsin's wildlands firsthand. Additional Enrichment Requirements: Bears, Cougars, Bobcat, Lynx. License holders for these species must develop a document and follow a plan for environment enhancement that will promote the psychological well-being of these captive wild animals. Jan 21 2020.
