When I try to find the origin of this slang I always get the answer that CP is an abbreviation of either couple or character pairing Jul 22 2023 In China CP is a popular Internet slang that stands for the imaginary lovers or couples in novel drama or comic

When I try to find the origin of this slang I always get the answer that CP is an abbreviation of either couple or character pairing Feb 18 2023 This is some hysterical witch hunting

Merely having heard of a site with CP makes one a sicko ? Nowadays the mere mention of the topic of pedophilia makes people shut down their brains with frothing hate. That s not an effective way to actually help children. I do not know what website the poster above has in mind no

Reply reply R 2011 1 Jan 9 2023 Found CP on Reddit Hello I ve been dealing with this issue for three weeks now and I just dont know what to do so I m making this post. A few years ago an ex of mine posted nude photos with my face on reddit

I was 15 in the photos and when I found out I was furious and was able to get his account closed Dec 16 2014 Accidentally viewed CP US Michigan Hey Was browsing a fairly popular site a little while ago and came across a gallery. I opened it and from my iPad the thumbnails are hard to see clearly

I clicked one and it opened an image that I m concerned may have been CP Actually I m fairly sure it was

I left immediately and feel like death over it I accidentally just found CP I dont know what to do I was on Instagram and I came across this video pretty normal of two kids dancing both girls and I checked the comments. They seemed relatively normal but I saw a link

Now I dont know why I googled it but I have gotten into a bad habit of googling links I see on any social media CPIs advertised on Torch. I understand that anyone can buy ads but how do these sites not get taken down being this obvious

Ive heard all the stories about how the FBI can still track me when Im on TOR and if thats the case then how do these sites not get taken down? Today s top content from hundreds of thousands of Reddit communities.
