This could boil down to being a incompatibility issue with Windows 10 Pro but before we can determine that please try some of the steps below even if you ve already tried some of them before Please turn on the toggle of Lenovo Vantage toolbar and premium settings item from Vantage >device >device settings >power page to make it back

Vantage Lighting Not Working Hello gnarly1 Thanks for reachin Re Vantage Lighting Not Working Jack_Lenovo1 Thanks for the response Feb 21 2019 If like me youre a bit of Lenovo ThinkPad fanboy one of the reasons you might love them so much is the red TrackPoint nipple in the centre of the keyboard which acts like a mouse

If you only ever want to use the TrackPoint and dont ever use the touchpad you might as well disable it to avoid accidental brushes with your palm sending the cursor haywire

So how do you disable a Lenovo There s no new driver on Lenovo s Support Website for the T14s its still at version 6.0.8975.1 Furthermore there are no Updates from Windows Update at least for the most.
