Its his desire and where he wants to be. Saying that we are a perfect couple as I have always had a fairly dominant nature but masked it because that's what women do. I knew early on in our relationship that when I took control he responded things happened and he enjoyed the experience

This could be A Cuckold Made is my personal favorite of several similarly constructed stories by the author

Couple with a husband in favor but emotionally on the fence and the somewhat naive wife being gently nudged by the friendly bull until she gives in to lust We talked about our firstcuckold experience and looked at pics and videos which made both of us horny whenever we looked at them

In the evening I started to have some feelings of jealousy as I kept thinking about the romantic moments between my wife and her bull. My wife realized and I told her about my feelings. She made sure I was feeling.
