Jan 17 2023 If someone say something to you and you wonder why they say that out of the blue is it natural to ask where s this coming from ? For example Alan and Betty s relationship gradually gets better The meaning of cum is combined with also used as used to describe things with a dual nature or function

For example a sofa cum bed Can it be used with humans as well like My friend cum brot May 28 2017 Darry wants to find what happening in the pipeline so he took sister Trisha s help by holding his legs to see what s happening in the pipeline

Some rats suddenly start coming at them so she drop Oct 16 2015 When a politician says I understand where you re coming from it usually means I don t plan to vote the way you want me to on this issue but I hope for your support anyway

If the politician agreed with you about your request the politician would instead say something about how the politician is working or fighting to achieve your request You usually use reach come to or arrive at a decision agreement or conclusion but it s not proper to use get to a decision agreement or conclusion though you can use the verb get in the sense of reaching or arriving at a particular place

So reach arrive at or come to a conclusion fits well in both sentences. Besides the OP should use the past simple i.e. reached came to arrived.
