If the politician agreed with you about your request the politician would instead say something about how the politician is working or fighting to achieve your request You usually use reach come to or arrive at a decision agreement or conclusion but it s not proper to use get to a decision agreement or conclusion though you can use the verb get in the sense of reaching or arriving at a particular place

So reach arrive at or come to a conclusion fits well in both sentences. Besides the OP should use the past simple i.e. reached came to arrived.
