Some rats suddenly start coming at them so she drop Oct 16 2015 When a
politician says I understand where you re coming from it usually means I don t
plan to votetheway you want me toonthis issue but I hope for your support anyway

Ifthepolitician agreed with you about your request thepolitician would instead
say something about howthepolitician is working or fighting to achieve your
request You usually use reach come to or arrive at a decision agreement or
conclusion but it s not proper to use get to a decision agreement or conclusion
though you can usetheverb get inthesense of reaching or arriving at a particular
place

So reach arrive at or come to a conclusion fits well in both sentences. Besides
theOP should usethepast simple i.e. reached came to arrived.
