trueSort of. She went out and had a wife got pregnant and is continuing to have that life. She does do stuff on the socials but with her and her best friend getting out of it at the same time the studio work wasn't just what they wanted

I think they're trying to ride the studio stuff out as long as they can and then maybe come back and shoot a scene or three to Nov 10 2023 92K subscribers in the Dakota_Tyler community
