Mar 27 2025 Maker World runs your OpenSCAD code inside their Parametric Model Maker app and displays the result for the user to download

So if you can write an OpenSCAD script to generate your model and if you can make the model parameters into variables Maker World will let users manipulate those variables in a nice UI and download a printable 3mf file Section dedicated to MakerWorld a 3D model platform that seamlessly links printers model creators and users Jun 12 2024 Sync Content with MakerWorld China Control your content sync scope and effortlessly earn boost and points rewards from MakerWorld China MakerWorld China is coming on 6 18! 2024 06 12 12 57 Dear MakerWorld Users We are thrilled to announce the launch of MakerWorld China on June 18 2024! Our new Chinese site will be located at [makerworld.cn](http://makerworld.cn)

MakerWorld China will enable Chinese users to Sep 22 2023 MakerWorld makerworld the next gen 3D model platform is now in Open Beta! After weeks of testing our closed beta users printed over 5 000 times on MakerWorld

We're excited to invite you to try our one step printing feature with Bambu Handy explore multi color models and earn rewards

We are looking forward to your feedback so we can continue to improve Oct 11 2024 We are thrilled to share some exciting news with our community! Our latest initiative to empower and incentivize our creators the MakerWorld Exclusive Model Program is now officially live! In this program we offer Apr 17 2024 We're thrilled to announce the latest update to MakerWorld packed with features to empower creators and enhance the user experience

New Features Brand New Incentive Boost System To enhance the incentive mechanism on MakerWorld we're introducing the Boost System which prioritizes model quality over mere popularity

A portion of the budget from the Points Reward System previously 4 days ago The Bambu Lab Community Forum is a place where Bambu Lab owners can participate in various discussions about 3D Printing Jul 25 2024 Hi MakerWorld Community We're excited to unveil the latest MakerWorld update brimming with features designed to empower creators and elevate the user experience

A detailed list of changes is available below Auto generated STLs from Print Profiles Addressing community feedback we've introduced the ability to automatically generate STL files from print profiles 3mf for models that Mar 21 2025 First of all I think of this as a fun hobby

While points are nice to pay for upgrades the first goal is to have fun and make stuff that you enjoy
