Mar 20 2025 I ve always hated the phrase If it works it works. I know it s trying to say that if something already functions as intended then there s no reason to change it. But is that always necessarily May 17 2015 The government placed restrictions on bothdieselfuel anddieselengines

Here I dont want to repeat thediesel. I cannot write The government placed restrictions on bothdieselfuel and engines Apr 22 2024 Product names which are derived after an inventor s name will often remain capitalized though not always e.g

the petroleum distillate used to power trucks and locomotives is called diesel rather than Diesel even though it s named after the inventor of the four stroke compression ignition engine for which that fuel was formulated Whats the difference between particulate and particle? Should it bedieselparticulates ordieselparticles and why? Could you provide three or more examples where it should use particulate rat What s the difference between at hand on hand and in hand? At hand seems to me as if you have something in reach

On hand is if you have something in stock. And in hand can be used as if you have Dec 4 2015 By the end of the century the gas was derived directly from crude oil and gas oil was renamedDieseloil up to 21 carbon atoms per molecule because its main use was in injection engines petrol vs

gasolene gasoline Dec 19 2023 Originally throttle meant throat. So full throttle for a motorized vehicle is like a lion s full throated roar the throttle throat is opened as wide as possible for maximum throughput of fuel or air

It s just that the verb to throttle came to have the meaning choke fatally cut off someone s air by squeezing their throat which led to throttling back meaning reduce the fuel supply Sep 14 2023 The movie Blazing Saddles used everything and anything to get a laugh

When the African American sheriff newly assigned to a rural town patrolled the main thoroughfare he happened upon an elderl Mar 1 2017 In many dictionaries there doesn t seem to be a difference between those two words if they express that something unexpected happens but my English teacher told me that coincidence is rather used than accident

However VinDieselused it and that s why I was still uncertain mostly about when to use accident and when coincidence Gas is flammable dieselvapour combustible

In England I was always taught that the difference between flammable and inflammable was that inflammable required a flame to permit burning.
