Looking for a review of Epson p600dtfconversion printer Hello I am looking to purchase the Epson p600 for my t shirt business

I want to covert it todtfwhich based on what I ve seen online isn t too difficult but I haven t seen any comprehensive reviews on the quality of the printer Oct 29 2023 Best reasonably priced starterDTFPrinter? My fianc and I are looking to start a side business doing someDTFprinting

What would be a decent startingdtfprinter that you guys would recommend? Thank you Jan 30 2024 I have ET8550 using forDTFwith CADLINK self taught !! Any questions I can help with the program and or the printer maintenance

Let me know!! I also sale and ship transfers May 14 2023 The main disadvantage ofDTFis that it feels like a sticker on a shirt especially for large fields of prints. Now those are generalizations and there are many other pros and cons for the two types of prints

And the quality of the POD print shop matters

A goodDTFprint shop will outperform a bad DTG print shop and vice versa Jun 16 2023 Transfer ExpressDTFgang sheets are really nice because you can fit a bunch of different size designs onto one sheet you cut them and press them so the cost per print can get really low but I personally wasnt a fan of the feel of the transfers compared to supacolor Sep 18 2022 DTF DTG is for clothing sublimation can do much more than just clothing like ceramic and glass but is limited to clothing polyester mixed and lighter colors

If you know what products you wish to sell you will know what type of process you want to use BestDTFprinter under \$1000 recommendations needed! Hey everyone looking to get intoDTFprinting but have a tight budget. I want to start printing t shirts tote bags etc. but I won t be doing huge runs

Are there any solidDTFprinters under \$1000 that would be good for this? Prioritizing reliability and ease of use Sep 23 2023 DTFUniversity byDTFSuperstore is a great site to learn aboutDTFprinting. Check out their YouTube channel as well. They have good informative videos

Do a lot of research before you get into this type of printing

It s a fairly new and complicated technology in the printing industry How Do Screen Printers Feel AboutDTF? What is everyones general stance onDTFtransfers and do you guys utilize them for your business? Dtfis like a sublimated design where sublimation can only go on polyester thedtfc can go directly onto cotton

You can get adtfprinter but that will set you back about 2k. If you have a sublimation printer you can try thedtf hack where you would need somedtf sheets
