Feb 27 2024 I connected my university vpn via openvpn on Windows Ubuntu and Manjaro. Windows worked instantly no configuration was needed

When using any Linux System connecting to the vpn seems to work but Jul 3 2023 I am doing a unix script using until loop. The idea of my script is it need to continuously verify the url status whether is up or down. When its up it will exit the loop

In my script I will use c How can I run an infinite loop in the background while continuing on with the script s execution? Example script while true do something\_in\_the\_background done I have problem sending AT commands to my USB modem

At first I tried php serial class but when I was reading data I gotendlessloop with strange data. Then I tried to debug problem and opened pu To kill the outer loop I usually add a sleep command and press CTRL C some more times while do LONGTIME\_COMMAND sleep 1 done

Please notice the colon behind while is interpreded as TRUE so this is anendlessloop Apr 16 2025 terdon they said it there since dev zero is anendlessstream. tail c is supposed to print the last N bytes but you can t find the last bytes of anendlessstream

Of course when reading from a seekable file instead of a pipe tail could just seek to the correction position and read the requested amount which that strace shows it doing and the seek even succeeds

But why does Mar 1 2018 I would like to use cat dev ttyUSB0 or something similar to monitor serial communication happening through my USB serial adapter

I am successfully able to send serial commands from linux to a May 12 2017 6 Your loop is starting anendlessnumber of shells but one after the other not in parallel. The first time the loop runs it runs bash which starts a new shell and displays the prompt Jan 27 2015 I m using git

I did a normal merge but it keeps asking this Please enter a commit message to explain why this merge is necessary especially if it merges an updated upstream into a topic br Jun 24 2018 Stopendlessloop .sh script Ask Question Asked 7 years 5 months ago Modified 7 years 5 months ago.
